

Exhibit at the Bay-Friendly Landscape Conference

Transforming Urban Landscapes to Protect Our Water Resources

September 17, 2010 ♦ Saint Mary's Event Center ♦ San Francisco, CA

The Bay-Friendly Landscape Conference and Marketplace is the premier gathering of sustainable landscape professionals in Northern California and one of the largest in the Western United States. This year's conference includes a special focus on water protection, conservation, and reuse with a keynote address by Brad Lancaster.

The all-day Bay-Friendly Marketplace will provide conference attendees with a rare opportunity to browse displays and products, meet vendors, and learn about some of the most innovative landscaping technologies, services, and programs available.

Exhibitor Benefits

- Reach more than 400 potential customers, clients, and partners at the Marketplace
- Increase visibility for your brand among professionals hungry for information on the latest products and technology in sustainable landscaping
- Meet leaders and innovators in the sustainable landscaping industry
- Become a sponsor and increase your visibility further through recognition on our website!

If you sell or market any of the following products and services, please join us!

- Organic fertilizers and soil amendments
- Irrigation technology and supplies
- Rain barrels and water collection systems
- Grey water systems
- Bay-Friendly or native plants and grasses
- Xeriscaping supplies
- Seeds
- Tree filters
- Compost tea
- Bio-assay equipment
- IPM and pest control products and services
- Erosion control, remediation/restoration consultation and materials
- Landscape/horticultural books and magazines
- Sustainable decking and fencing materials
- Pervious hardscaping materials
- Green roof/wall plants and design
- Mulch, compost and bulk soils
- Soil and compost testing
- Drought resistant turf
- Alternatives to turf

The Conference includes morning and afternoon breaks and a lunch period all designed to allow attendees ample time to browse the Marketplace and talk to exhibitors. Our goal is to support the development and success of professionals practicing sustainable landscaping in the San Francisco Bay Area.
